Please note that all cost examples above are provided in EUR. Where fees are applied in your local currency, the actual costs may vary depending on currency fluctuations.

Revolut Securities Europe UAB (“RSEUAB”, “we”, “our”, “us”) provides you with the ability to buy and sell Exchange-Traded Commodities (“ETCs”) and Exchange-Traded Notes (“ETNs”) on a non-advised (i.e. execution-only) basis via the Trading platform in the Revolut App. We offer the investment service of “executing on behalf of clients” as defined in MiFID II, whereby we receive orders from you and enter into transactions with Third Party Brokers on your behalf.

Generally, there are no financial instrument related costs and/or associated charges, therefore costs & charges¹ charged for RSEUAB investment services can be classified into on-going costs and transaction costs:

Cost type	Description	Specific costs
On-going costs	On-going costs and charges for the investment service(s) provided to the client.	<p><u>(1) Subscription plan charges:</u></p> <p>a) Depending on the subscription plan of the client, on-going charges related to the subscription may apply. Please find below an overview:</p> <ul style="list-style-type: none"> i) Standard: free; ii) Plus: From €2.99/month; iii) Premium: From €7.99/month; iv) Metal: From €13.99/month. v) Ultra: From €45.00/month. <p>To see the costs of subscription plans for other currencies than EUR, please visit this webpage.</p> <p>Please note that the above mentioned subscription plans are products offered by Revolut Bank UAB. Each plan provides different benefits (including trading benefits) to the clients and may be subject to change by Revolut Bank UAB. These charges are paid monthly directly to Revolut Bank UAB.</p> <p>b) Trading Pro: The client might choose to purchase the Trading Pro Add-on on top of the referenced monthly subscription plan for 4.99 EUR.</p> <p>To see the cost of Trading Pro Add-on for other currencies than EUR, please visit our Trading Pro Terms and Conditions.</p> <p>Please note that the Trading Pro Add-on is a subscription provided by Revolut Securities Europe UAB.</p> <p><u>(2) Custody fee:</u></p> <p>a) RSEUAB doesn't charge a custody fee.</p>

¹ There are no entry (i.e. on-boarding), exit (i.e. off-boarding) or other one-off charges and no charges related to ancillary services or incidental costs charged by RSEUAB in relation to execution-only services.

		<p><u>(3) Issuer / Product fee:</u></p> <p>a) The issuer fee (also referred to as the product fee) represents the ongoing costs charged by the issuer of an ETC or ETN for operating and maintaining the product;</p> <p>b) These costs may include the issuer’s management fee, custody or collateral management expenses, index licensing fees and other operational costs incurred in providing exposure to the underlying asset;</p> <p>c) The issuer fee is presented as an annual percentage rate, calculated by dividing the issuer’s total annual costs by the average value of the ETC or ETN outstanding over one year;</p> <p>d) The issuer fee is deducted directly from the value of the ETC or ETN and is therefore reflected in the product’s market price and performance;</p> <p>e) Issuer fees vary depending on the ETC or ETN. Please refer to the relevant Key Information Document (“KID”) displayed in the App for the specific fee applied by the issuer.</p> <p>Note: in the relevant KID, this cost may be referred to using different terminology (e.g. issuer fee, product fee, management fee or other equivalent descriptions). For consistency, this document uses the term “Issuer / Product fee”.</p>
<p>Transaction costs</p>	<p>All costs and charges related to transactions performed by RSEUAB or Third Parties when providing the investment service to the client.</p>	<p><u>(4) Commissions per transactions:</u></p> <p>RSEUAB charges a fee per transaction outside the monthly allowance across all plans, i.e., Standard, Plus, Premium, Metal and Ultra:</p> <p>a) The fee is fixed at EUR 1.00 per transaction - for Standard, Plus, Premium, Metal, Ultra plans and Trading Pro Add-on;</p> <p>b) This fee will be charged in EUR (using the applicable FX rate at the time of the transaction).</p> <p>To see the fees for other currencies than EUR, please visit our Trading Terms and Conditions.</p> <p><u>(5) FX fees:</u></p> <p>a) The currency in which the order is executed is determined by the currency in which the instrument is traded on the relevant trading venue (i.e. EUR for EU securities).</p> <p>b) In order to execute the order you may need to convert the currency in your primary Revolut account to the currency of the instrument you are trading, therefore a foreign exchange fee may apply. You can see our current exchange rate in the Revolut app. Once you have converted a currency, your transaction history in the Revolut app will show the exchange rate we have used. Please note that Revolut uses the rate that applies at the time the conversion is carried out.</p>

		<p>c) FX fees apply when transferring the trading sale proceeds to a non-EUR current account.</p> <p>When applicable, the fees collected will be charged on sell orders and will be withheld from your sales proceeds.</p>
Third party payments received by the firm		<p>RSEUAB does not accept and retain any fees, commissions or any monetary or non-monetary benefits from any third parties in relation to the investment services provided to its clients (“Inducements”), except in cases where such Inducements are returned directly to clients, as in relation to our Investment Plans service. You can find more information in the Investment Plans ex-ante cost and charges disclosure.</p>

Costs and Charges Illustration for ETCs/ETNs listed in the EEA

This document aims to provide you with certain scenarios in order to illustrate how the costs and associated charges will impact your investment returns. Although these examples are based on actual incurred costs (or reasonable estimations of such costs) as a proxy for expected costs and charges, actual costs and charges incurred in respect of any future transaction may be different.

For simplification and ease of understanding, the calculations are based on the following assumptions:

- Client is able to add the following parameters based on which personalized scenarios are presented: subscription plan, initial investment amount, holding period, recurring investment, number of buy transactions per month, expected annual return and annual issuer / product fee.
- Three scenarios based on expected annual income are presented:
 - First, where annual expected return (%) is 0%;
 - Second, where annual expected return is the one added by client;
 - Third, where the annual expected return is the one added by the client, just negative.
- All amounts, including subscription plans are in EUR.
- The assumption is made that the client invests one lump-sum amount in the beginning and makes recurring payments on a specified amount in euro at the beginning of every month starting from the second month. Client is able to specify the number of recurring payments to be made during the month to understand the impact of commissions after commission-free trade limits.
- The assumption is made that the client executes 1 sell transaction (in addition to the recurring transaction made that month) at the end of the holding period to show the impact on costs of closing the position.
- For FX transactions above the FX exchange limits, a fee of 1% above the basic FX fee is charged for Standard plan customers and 0.5% for Plus plan customers.

Each Revolut customer has to choose a subscription plan - Revolut cannot be used without having a plan. Revolut offers 5 subscription plans, where each has a certain number of free transaction allowances. Table (1) summarises the monthly subscription fees, free transactions and FX exchange allowance.
