How do I earn the Cash Reward?

To earn the Cash Reward you must:

- Get your salary paid into your Revolut account. For tracking purposes, this means you need to add to your Revolut account a minimum amount of 1,800 euros using bank transfer, from a sender not in your name, during the Promotion Period. These funds can be added either via a single transaction or multiple transactions; and
- Setup a direct debit with any one of the selected utility providers (listed below) using your Revolut account during the Promotion Period and ensure that your Revolut account is debited by that utility provider at least once during the Promotion Period. You need to be debited by the utility provider from your personal account with Revolut. **The amount debited by the utility provider during the Promotion Period needs to be higher than 50 euros.**

You will earn a Cash Reward in the amount stated in the invitation to participate received via an email, push notification, in-app Inbox message from Revolut, or an in-app "Suggested for You" tile. Your Cash Reward will be paid into your Revolut account within five business days after the Promotion Period ends.
