Allowances and fees - Payments

Your plan comes with the following free allowances for payments. If you use up your plan allowance, you'll pay the fee stated in the table below unless we agree on a different arrangement with you.

Type of Payment	Plan allowance	Flat fee outside of plan allowance
Revolut to Revolut Transfers	Unlimited.	Not applicable.
Local Transfers (transfers in GBP, EUR and CHF)	Custom.	£0.2 per additional transfer.
International Transfers	Custom.	£5 per additional transfer.
Incoming Fedwire transfers received to the local USD account (if this is available to you in the app)	0 per month - a fee is payable on all payments.	All incoming Fedwire transfers are billed at £8 per transfer, starting with the first transfer.
Card transfers - transfers made to a supported non-Revolut card number.	0 per month - a fee is payable on all payments.	Fees are subject to a minimum fee depending on the country of the recipient. Fees are calculated in real time and shown to you in the app before you confirm the payment. Please see our pricing page here for more information.
Guaranteed SWIFT (OUR) - bank transfers made on a route where the Guaranteed SWIFT (OUR) transfer feature is available and you choose to use it.	0 per month - a fee is payable on all payments.	The fee depends on the Base Currency of your Account and can change from time to time. You can see our current fees on our pricing page here and in the app before the transfer is completed.

Type of Payment	Plan allowance	Flat fee outside of plan allowance
Automated Clearing House (ACH) - any outbound bank transfer in the USA that is processed by the ACH network. ACH transfers are direct payments between bank accounts and typically take 2-5 business days to process.	0 per month - a fee is payable on all payments.	0.2% of the transfer amount charged in GBP (or local currency of your business), subject to a minimum fee of £0.5 (or equivalent in local currency).

Fees for our payment processing products

The table below represents the fees we charge for our payment processing products. Fees are payable on all transactions and there is no free allowance.

Our fees are made up of two components; the variable fee which depends on the transaction value and the flat fee which depends on the Base Currency of your Account.

These fees apply regardless of the method you use to process the payment. For example, our fee for "Online Card Transactions" applies to all online card transactions, in your own checkout, using [Payment Pages](#), or otherwise.

The fees listed in the table below will apply unless we agree on a different arrangement with you.

Merchant Rewards

The fees listed in the table below will apply unless we agree on a different arrangement with you.

Where you are offering the Merchant Reward	Fees
In-store Revolut Pay transactions	No fee
Online Revolut Pay transactions	We will agree the fee for each eligible transaction with you before you offer the Merchant Reward.

Revolut Business features and apps

Access to business features and apps is subject to plan availability.

Some fees are only incurred for **"active"** team members. A team member becomes "active" when they start using a product feature or app (as set out in the table below) and remains active until their permission to use the feature or app is removed. You will be charged for any team members who have been active in the preceding billing period.

The fees listed in the table below will apply unless we agree on a different arrangement with you.

Type of Business app	Fees
Expenses app	£5 per active team member A team member becomes active after they've submitted their first expense.
Payroll app	£3 per active team member

Type of Business app	Fees
	A team member becomes active after the Account Owner confirms that team member's first pay run per billing cycle.

Type of Business features	Fees
Revolut ePOS	None.
FX Forwards	<p><u>Fee charged per FX Forward contract</u> 0.8% of contract value The fee charged is negotiable and can be lowered for certain clients depending on internal credit checks, and based on the size of the contract.</p> <p><u>Fee charged on contract cancellation</u> 0.8% of contract value Since the value of the FX Forward contracts are driven by market value, we may charge the mark to market difference (which could be positive or negative) due to any potential loss we may have incurred because of your decision to close the contract early.</p>

Exchanging money currencies

Your plan comes with the following free FX allowance. You will pay the stated fees if you exceed this allowance or if you exchange outside of foreign exchange market hours unless we agree on a different arrangement with you.

Foreign exchange	Allowance	Flat fee where allowance exceeded	Additional fees
Exchanging money currencies	Custom.	Custom.	1% if you're exchanging money outside of foreign exchange market hours.

Whenever you make a money currency exchange using Revolut Business, we use our simple and transparent pricing formula of real rate + any fees (see the above table) = total cost.

We use the interbank rate for money currency exchanges. This is a variable exchange rate.

The additional fees we may charge depend on the parameters of your exchange (like the time when you're exchanging currencies). You can see what these fees are in the app. They are also set out in the table above.

Billing Cycle

You will be billed for your plan fee monthly or yearly, depending on the choice you made when you signed up to your plan. All other fees will be billed monthly.

Your billing cycle is monthly, beginning on the monthly anniversary of the day you signed up to your plan. Your allowances will reset each billing cycle.

If you decide to change plan mid-billing cycle, your subscription will start again and your allowances will be reset according to your new plan immediately. We won't refund any of the monthly subscription you paid.

Note: If a fee is stated in a currency other than the base currency of your account, it will be charged in your base currency. This conversion is made and fixed using a reasonable exchange rate at the time each individual fee is set. This prevents fees fluctuating.
