Exchange

When a Business initiates a currency exchange in the Business app, we'll use a variable exchange rate, as set out in our [Business Terms](#).

The exchange rates we offer do not include any fees within the rate of exchange. Rather, we apply a separate percentage-based fee as set out below, which is shown separately in the Business app whenever a currency exchange is made.

Exchange fees

Exchange type	Exchange amount	Fee
Fiat Currencies	Up to NZ\$450,000 per monthly billing cycle (the Enterprise Exchange Allowance)	NZ\$0
	Any amount over the Enterprise Exchange Allowance	0.6% of the value of the exchange
Cryptocurrencies	Any amount	0.49% of the value of the exchange

Exchange fees applicable outside exchange market hours

An additional fee will apply to transactions made outside of exchange market hours. A transaction will be outside of exchange market hours if it is made between Friday 5pm and Sunday 6pm (New York time), which is a U.S. based time zone. For reference only, without taking into account daylight savings, the equivalent time period in New Zealand is approximately Saturday 7am to Monday 8am (NZST).

The Business will be able to see the relevant exchange rate and the total of any applicable fees prior to transacting.

Currency type	Exchange amount	Fee
Fiat Currencies	Any amount	1% of the value of the exchange

Features

The Business may be charged for the use of certain product features by an Authorised Team Member as set out below.

The Business can disable an Authorised Team Member's access to certain product features in the Business app at any time. If product features are disabled prior to the commencement of the next monthly cycle the Business won't be charged in that month.

Feature fees

Expenses feature	NZ\$8 per month per active Authorised Team Member*

* The Business will be charged for an Authorised Team Member after they submit or approve an expense for the first time.
