General Conditions

1. Calculating the Total Cost of Credit and the APR

The APR has been rounded up to two decimal places. Where the last decimal digit is 0, it is not displayed.

We have made the following assumptions when calculating the Total Cost of Credit and the APR:

- 1.1. For the purpose of calculating the Total Cost of the Credit, the credit limit is granted for 3 month;
- 1.2. The Total Amount of the Credit Limit will be fully disbursed and used within the period indicated in point 1.1 of this Credit Limit Agreement;
- 1.3. The credit limit will not be exceeded;
- 1.4. You will not exercise your right for the Grace Period as it is described further in this Credit Limit Agreement or an option to reschedule the repayment of the credit;
- 1.5. You and we will fulfil our obligations, within the specified time limits, under this Credit Limit Agreement; and
- 1.6. The interest rate and other costs referred to into the Credit Limit Agreement will not change and will be applied until the end of the Credit Limit Agreement.

2. Your credit card

2.1. If you hold a payment account opened with Revolut Bank UAB (the "**Payment Account**") and you signed this Credit Limit Agreement you'll be able to order a credit card. You can order either a virtual or physical credit card (or even both!) via the Revolut App.

2.2. You may start using your credit card after we grant a credit limit to you as set out in this Credit Limit Agreement.

2.3. You can make payments and withdraw cash using your credit card and make transfers from your credit card account (together, "**Card Spending**").

2.4. Card Spending will be funded from the credit limit. We will record your Card Spending against your "**Credit Card Account**" and you will be able to see your used credit limit that must be repaid according to the terms and conditions of this Credit Limit Agreement.

2.5. Your Credit Card Account is a separate account to your Payment Account. You can still use your other Revolut cards when you order a credit card, however, you can only use them to spend the funds in your Payment Account. In case you use your credit card to make payments or you make transfers or withdraw cash from your Credit Card Account, this will be funded from your credit limit granted under this Credit Limit Agreement).

2.6. We may temporarily or permanently disable a credit card you have ordered if the credit card expires, the credit card is lost, if the credit limit is not available to you (e.g. is terminated or your Credit Limit Agreement has expired) or in other instances set out in the [Personal Terms](#). If we do so, we will give you notice in the Revolut app.

2.7. You may temporarily or permanently disable a credit card you have ordered at any time in the Revolut App.

2.8. If you choose to switch from "**Standard**" plan to another, we may charge fees for any credit card that we issue. Our fees are set out in the [Fees page](#).

2.9. We will automatically renew your credit card, and send you a replacement, every 5 years unless you give us notice to end it before the automatic renewal.

3. Granting of the credit limit

3.1. The credit will be granted in your Credit Card Account up to the Total Amount of the Credit Limit immediately, and in all cases not later than within 1 day after we conclude this Credit Limit Agreement with you. We will notify you (by email or through the Revolut App) that the Credit Limit Agreement has been agreed and that the credit limit has been granted.

3.2. Where you carry out any Card Spending transaction or miss to repay the interest as agreed in this Credit Limit Agreement we will grant for you the credit for the amount of Card Spending or outstanding interest up to the Total Amount of the Credit Limit under the terms set out in this Credit Limit Agreement. The credit limit is granted despite the balance in your Payment Account being positive.

3.3. The credit limit will be granted in the currency of your Payment Account.

3.4. We retain the right to restrict you from using your credit limit if you fail to repay monthly Instalment. If this happens, we will let you know in the Revolut app or by email.

3.5. We may reduce or cancel the credit limit granted for you at any time for objectively justified reasons, e.g. changes in your creditworthiness, missed Repayments or any false, inaccurate or misleading information provided by you. We will notify you about the reduction of the credit limit no later than 14 days in advance of such reduction via email provided in your Revolut account. We may notify you in advance about the cancellation of the credit limit, although it is not mandatory for us. If we decide to notify you, we will specify the reasons of cancellation only, if this is not prohibited by law.

4. Overrunning of the credit limit

4.1. We without your consent may grant a credit exceeding the amount of the credit limit if the credit limit has been fully exhausted. This might happen if you do not pay fees related with the credit card (in case they are applicable for you), also in the cases where according to the rules of credit card schemes (VISA/MasterCard) or market practice, in executing payment transactions using the credit cards, the balance on the Credit Card Account is not checked in advance or as a fee for a cash withdrawal from your credit card also to cover interests agreed in the Credit Limit Agreement.

4.2. If the credit limit is overrun, you must immediately, but no later than until the date of payment of the next monthly Repayment, repay to us the amount of the

credit exceeding the credit limit.

4.3. You also must pay for us the interest set in the Credit Limit Agreement for overrunning the credit limit.

5. Repayment of the credit limit

5.1. You must repay to us the used credit limit by monthly Repayments calculated from the amount of the credit limit used on the first day of each month no later than the last day of the same month. Your Repayments must be made in the currency of the credit limit.

5.2. Any Repayment will be deemed to have been repaid when it is received by us.

5.3. Any Repayment received by us will be applied as follows:

- a) It will first be applied to our costs accrued while making a claim and other recovery costs that we paid for your debt collection;
- b) Once any outstanding costs for making a claim and debt recovery are repaid in full, it will be applied to default interest;
- c) If all outstanding default interest is repaid, it will be applied to any interest owing;
- d) Any remaining amounts will be applied to repay the credit limit.

5.4. Any Repayment will be recorded on your Credit Card Account and reflected in the Revolut App.

5.5. You can get monthly statements of your Credit Card Account and information about the outstanding amount of the credit limit, payable monthly Repayment, and interest at any time in the Revolut App, free of charge.

5.6. If you cannot make the Repayment from the Payment Account (e.g. if the Payment Account has been blocked), contact us via Revolut App and we will notify you of an alternative method of making Repayments and, you must use that method following receipt of the notice.

6. Your consent for Repayments to be made

6.1. In order to enter into this Credit Limit Agreement, you must already hold a Payment Account. You undertake not to close your Payment Account until you have fully discharged all of your obligations under this Credit Limit Agreement and have been notified by us that your credit has been fully and finally repaid.

6.2. Repayments will be collected from your Payment Account at the beginning of the day on which the Repayment is due. For this reason, you must make sure that you have sufficient funds in your Payment Account the day before the Repayment is due.

6.3. In order for us to provide you with our services, you consent and authorise us until full implementation of your obligations under the Credit Limit Agreement, regardless of the withdrawal or termination of the Credit Limit Agreement to do the following:

- a) When any Repayment becomes due, to transfer the funds for the Repayment from your Payment Account to us;
- b) If the Repayment cannot be made (in full or at all) on the due date, to repeat the transfer of funds at the same time on each following day until the Repayment due is

made in full; and

c) If a Repayment cannot be made at any time due to a lack of funds on your Payment Account, to use the provided stored card linked to your Payment Account to make a top up to your Payment Account on the third, thirteenth and twenty-eight day following the due date of the Repayment to cover the shortfall.

7. Interest

7.1. You must pay us interest on any used amount of the credit limit granted for you.

7.2. Interest will commence being charged on the date of granting the credit unless the Grace Period applies and will continue being charged until the credit is repaid.

7.3. Interest calculated daily based on the used credit limit amount and accumulated on a monthly basis and is paid for the previous month on the last day of the each month. In calculating interest, it is deemed that a year and a month have an actual number of days.

7.4. The interest rate is a fixed interest rate.

8. Grace Period

8.1. We will not require interest on the portion of the credit limit used for the Card Spending and we will call this "**Grace Period**". Grace Period is not applied to cash withdrawals, money transfers and card payments for gambling and investments ("**Non-eligible Transactions**"). To benefit from the Grace Period you should fully repay the credit limit used at the end of the previous month by the last day of the current month two months in a row.

8.2. If you fail to meet any of the conditions listed in point 8.1 above, interest will be calculated daily for the whole Grace Period starting from the first use of the credit limit subject to the actual amount of used credit on each day during the calculation period.

8.3. You can get information about the portion of the credit limit used for Non-eligible Transactions with your credit card which is relevant for you to benefit from the Grace Period in the Revolut app at any time, free of charge.

9. Early repayment of the credit limit

9.1. You may choose to repay your credit limit, in full or in part, at any time before the dates specified in the Revolut App (an "**Early Repayment**"). You can do this in the Revolut App.

9.2. There are no fees or charges for Early Repayments.

9.3. Once you make an Early Repayment it will be applied and recorded in the same manner as for monthly Repayments, as set on in section 5 above.

10. Default interest

10.1. If you fail to make a monthly Repayment on time and in accordance with this Credit Limit Agreement, any shortfall will immediately become an "**Overdue Debt**". We will contact you to request that you make the Repayment immediately.

10.2. Upon an amount becoming an Overdue Debt, default interest will be charged. Default interest will be charged on the Overdue Debt at the rate of 0.05 percent for each delayed day. Default interest will be charged for a period not exceeding 180 days.

10.3. No amount will be treated as an Overdue Debt, and no default interest will be charged by us, if your failure to make a Repayment is due to a failure of any payment services provided by us or another Revolut group company.

10.4. Payment of default interest will not release you from performance of your obligations under this Credit Limit Agreement, postpone any agreed deadlines for Repayment, or extinguish the debt owed.

11. Rescheduling repayment of the credit

11.1. You can choose to stop using the credit limit and to reschedule the repayment of the used credit limit and the payment of interest in equal instalments over a period of 24 months in the Revolut App. This is subject to our approval which is at our discretion.
