

International Payment Fees

I. International transfers in the local currency of the recipient country

For international payments (meaning any transfer outside the Single Euro Payments Area (SEPA)), you will be charged a fixed transfer fee as detailed in the table below.

The exact fee depends on the base currency of your account (first row) and the recipient's currency (first column). For example, if your base currency is EUR and you transfer to AED, the fixed fee is 2.40 EUR.

If you initiate an international payment from a base currency that is not listed in the table, you will be charged a fee equivalent to the standard EUR rate, converted into your base currency at our real-time exchange rate.

Please note: This fixed transfer fee applies in addition to any applicable currency exchange fees. Furthermore, for payments sent outside the EEA, intermediary or receiving banks may deduct their own processing charges from the final amount received by the beneficiary.

These fees apply from 19 December 2026, to see the previous fees, please click [here](#).

II. International transfers in currencies other than the local currency of the recipient country

For international transfers in currencies other than the local currency of the recipient country, you will be charged a flat minimum fee. This fee varies depending on the currency of the recipient as outlined in the table below. Senders making an international payment from a non-listed base currency will be charged an equivalent fee in their currency.
