2. What type of account is my Instant Access Savings?

Your Joint Account Instant Access Savings (the Instant Access Savings) with us is a demand deposit account, and the money in it is held by us as a deposit (also known as a 'deposit at sight'). In these terms and conditions we may refer to it as the "Instant Access Savings", or an "account".

When you put money as a deposit into your Joint Account Instant Access Savings, we accept the money, hold it for you, and undertake to return it to you upon your request. The only way you can put money into, or take money out from, your Joint Account Instant Access Savings is by having a current account with us in the way described in these Joint Account Instant Access Savings Terms.

Keep in mind that your Joint Account Instant Access Savings is not a payment account and cannot be used for sending or receiving payments, and you can only place your deposit in the way described in these Joint Account Instant Access Savings Terms.

You can open multiple Joint Account Instant Access Savings with Revolut, all of them under these Joint Instant Access Savings Terms (which means you will only have to accept these terms and the precontractual and deposit insurance information the first time you open a Joint Instant Access Savings and that we will only send those documents to you at that occasion)..

Each of these Joint Instant Access Savings can be terminated at any time by you. Opening a new Joint Instant Access Savings won't automatically close the existing one. However, closing all your Joint Instant Access Saving Accounts does not mean that other accounts you have with Revolut (for example, your current account or a joint account) will also be terminated, unless we inform you otherwise.

You must not use your Joint Account Instant Access Savings for business purposes.

3. Can I open a Joint Account Instant Access Savings?

You can open an Joint Account Instant Access Savings only if you are a customer of Revolut Bank UAB, Sucursal en España, are a holder of a Joint Account together with the other holder with whom you are opening a Joint Account Instant Access Savings and fulfil the other conditions under these Joint Account Instant Access Savings Terms.

By accepting these Joint Account Instant Access Savings Terms, you confirm that you have received, read and understood the precontractual information (available [here](#)) and the standard information for deposit insurance of the Public Institution "Deposit and Investment Insurance" (Viešoji įstaiga "Indėlių ir investicijų draudimas") which is also available [here](#).

When you ask us to open a Joint Account Instant Access Savings, we or our representatives may ask for information about you and where the money you will deposit into your Joint Account Instant Access Savings comes from. We do this for a number of reasons, including to check your identity, and to meet our legal and regulatory requirements. Make sure you have provided us with all the information we have requested from you. When we have the information we need, we will open your Joint Account Instant Access Savings and you can make a deposit into it. If you have already provided this information to one of our group entities when opening a current account, you acknowledge and agree that we may use and rely on that information for this purpose. Revolut reserves the right to reject deposits without giving any reasons.

Our Customer [Privacy Policy](#) explains how we use your information for these and other purposes.

We can only provide services to you once you have passed our internal checks, and not before. We will notify you via the Revolut app once this has happened and will let you know once your Joint Account Instant Access Savings is opened.

If any of your personal details change, you must notify us immediately.

It's important that you provide your primary email address and check it regularly (when we refer to "email" we mean the email you provided to us during the onboarding process (unless you updated your email afterwards)). Should your email address change or should you have any trouble receiving or opening emails from us, you must notify us immediately. Otherwise, you agree that if an email has been delivered to your email address, you should have read it, even if you failed to do so for whatever reason.

Plus	1.25%	1.25%
Premium	1.50%	1.51%
Metal	2.00%	2.02%
Ultra	2.25%	2.27%

The interest will be calculated based on the actual number of days in a year, and the actual number of days in a month. For more information, please refer to Section 21 of these Joint Instant Access Savings Terms. The interest

will begin accruing immediately, and the first interest payment will be done on the next calendar day after you deposit funds from your current account to your Joint Account Instant Access Savings.

The interest will be calculated using the following formula:

Gross Interest = Closing balance in your Joint Account Instant Access Savings * Gross Interest Rate/ Number of days in a year.

As stated above, Revolut will withhold tax in line with Spanish tax regulations on the interest accrued and the daily interest payment that will happen in your Joint Instant Access Savings will be net of tax withheld at source.

While interest accrues daily, the minimum threshold for interest to be paid to your Joint Instant Access Savings is € 0.01; this means that net interest may not be paid to your Joint Instant Access Savings every day (until net interest becomes min € 0.01), the accrued interest will be paid to your Joint Instant Access Savings at the point that it reaches a minimum of €0.01.

6. How to make a withdrawal from my Joint Account Instant Access Savings?

We will return money to you from the Joint Account Instant Access Savings at your request. 7. How is my money protected?

Your money is protected once it reaches your Joint Account Instant Access Savings which happens immediately after you transfer these funds from your current account to your Joint Account Instant Access Savings. When you are adding money to your Instant Access Savings from your current account with us, the funds in the Joint Account Instant Access Savings are protected in the same way as described in our [Personal Terms](#) applicable to you.

We may also close your Instant Access Savings in case we change our business model and we no longer offer a demand deposit product in a specific geography. If we do so, we will inform you in advance of closing your Instant Access Savings in accordance with these terms and conditions. Upon closing your Instant Access Savings, we will return any remaining balance in your Instant Access Savings to your current account held with us. We will consider that you gave us consent and authorised us to execute this transaction. We may allow you to make a withdrawal directly from your Instant Access Savings to your current account as well.

19. We can change these Instant Access Savings Terms

We'll only change the agreement for the following reasons:

- if we think it will make it easier to understand or more helpful to you;
- to reflect the way our business is run, particularly if the change is needed because of a change in the way any financial system or technology is provided;
- to reflect legal or regulatory requirements that apply to us (including any statutory legislation and other legal means of state control, local legal acts and legal acts of the European Union, or a resolution, order, recommendation or guideline by a court, arbitration committee or administrative body which govern the agreement relationship between you and us under these terms and conditions, or any change in their official or court interpretation);
- to reflect changes in the cost of running our business (e.g. changes in the tax, capital or liquidity requirements that apply to us, in our operating costs, or to other factors which impact our costs); or
- to reflect changes in the amount of the fee for applicable mandatory deposit insurance;
- to reflect changes in financial market conditions and the macroeconomic events (e.g. interbank lending and deposit rates, the aggregate or service-related consumer price index, inflation, change in interests and yields defined by third-party and incurred by us in relation to our services provided to you, and other factors changing the markets in which we operate or our position within them);
- to reflect changes in service conditions of third-parties (e. g. outsourced party, agent) in connection with the services provided by us to you; or
- because we are changing services or products or introducing new services that affect our existing services or products covered by these Instant Access Savings Terms.

Telling you about changes

If we add a new product or service that doesn't change the agreement we may add the product or service immediately and let you know before you use it.

If we add amendments affecting fees and costs, or if we change these terms in any other way we will give you one month's notice through the Revolut app and/or email before we make any change, unless otherwise provided by law. We'll assume you're happy with the change unless you tell us that you want to close your account before the change comes into effect.

In the event of an unfavourable modification of interest, fees, costs and other agreement conditions you are entitled to close your account, and so terminate your agreement immediately without payment of any fees, upon the day before the amendment takes effect.

20. Changing the interest rate

The interest is fixed but it can be modified by us at any time as per this clause. This means we have the right to change the annual interest rate applicable to you. If the rate is decreased, then we'll let you know at least one month before the change takes effect. Within this timeline, should you not agree with the change, you will be able to terminate the Instant Access Savings.

If the rate is increased, we can make the change immediately. We will notify you about it prior to or after the change.

Remember, the yearly rate may differ depending on the paid plan you have with us. If you change (upgrade or downgrade) your plan, your yearly rate will either increase or decrease. We will not be responsible for any losses you incur if you downgrade your paid subscription.

21. Fees and Taxes

Revolut Bank does not charge any fees that apply to you for and in relation to Revolut Bank services under this agreement. This also means that you will not pay any fees for us in relation to using the Revolut App or any other means of distance communication for your Joint Account Instant Access Savings.

You note and accept that you have sole responsibility for the management of your legal obligations and tax affairs, including making any applicable filings and tax payments, and complying with any applicable laws and regulations. These may depend on your personal tax status and the tax rules and regulations in force that may change from time to time. In particular you will be responsible for deciding and making any tax related claims for reduction or exemption from withholding taxes. You should seek independent advice from a professionally qualified tax adviser if you have any questions in this regard.

Spanish Withholding Tax

In line with applicable Spanish tax law, we will deduct withholding tax from any interest credited to your Instant Access Savings(s). The Spanish Government sets the tax withholding rate and may change it at any time. We will deduct the relevant tax from your interest before the interest is paid out into your Instant Access Savings. We withhold tax from your interest payments only when the deductible tax is € 0.01 or greater. In cases where the tax liability is less than € 0.01,

we continue to accrue it until it reaches € 0.01, at which point it is deducted from your next interest payment. As a result, the tax rate applied to individual interest payment transactions may differ. To see the tax withheld on your aggregate interest payments, you can refer to your aggregate savings statements.

In cases where Revolut paid users an interest and tax was not withheld owing to rounding rules (only), Revolut will take up the cost and make the differential treatment to the Spanish Tax Authority, such that the withholding tax paid to the Spanish tax authority is in line with the percentage set by the Spanish Tax Authority. However, Revolut will not be responsible for making any tax claims or submissions on user's behalf.

Under tax law in Spain, the Spanish Tax Authority can ask us to send them details on the interest we pay out and to whom we pay it.
