## Exchange

When a Business initiates a currency exchange in the Business app, we'll use an exchange rate based on our market data based on official exchange market rates. More information about our currency exchange rate can be found in our [Business Terms](#).

The exchange rates we offer do not include any fees within the rate of exchange. Rather, we apply a separate percentage-based fee as set out below, which is shown separately in the Business app whenever a currency exchange is made.

### Exchange fees

Exchange Type	Exchange Amount	Fee
Fiat Currencies (excluding THB and UAH)	Up to A\$75,000 per monthly billing cycle (the <b>Scale Exchange Allowance</b> )	A\$0
	Any amount over the Scale Exchange Allowance	0.4% of the value of the exchange
THB and UAH	Any amount	1% of the value of the exchange

### Exchange fees applicable outside exchange market hours

An additional fee will apply to transactions made outside of exchange market hours. A transaction will be outside of exchange market hours if it is made between Friday 5pm and Sunday 6pm (New York time), which is a U.S. based time zone. For reference only, without taking into account daylight savings, the equivalent time period in Australia is approximately Saturday 7am to Monday 8am (AEST).

The Business will be able to see the relevant exchange rate and the total of any applicable fees prior to transacting.

Currency Type	Exchange Amount	Fee*
Fiat Currencies (excluding THB and UAH)	Any amount	1% of the value of the exchange
THB and UAH	Any amount	2% of the value of the exchange

\* The highest rate relevant to your conversion will apply. For example, for a conversion between USD and THB outside foreign exchange market hours, we will apply the mark-up that applies to THB (2.0%), not the mark-up for USD (1%).

### Features

The Business may be charged for the use of certain product features by an Authorised Team Member as set out below.

The Business can disable an Authorised Team Member's access to certain product features in the Business app at any time. If product features are disabled prior to the commencement of the next monthly cycle the Business won't be charged in that month.

### Feature fees

Expenses feature	A\$8 per month per active Authorised Team Member*

\* The Business will be charged for an Authorised Team Member after they submit or approve an expense for the first time.

If a Business elects to vary its Business Plan mid-billing cycle, the new Business Plan will start on the variation date, and:

- the new monthly or annual Subscription Fee will be payable on the monthly or annual anniversary of the variation date; and
- the Business receives all of the benefits under the new Business Plan on the variation date. However, if a Business downgrades its Business Plan and has used up its card allowances it will not receive additional cards under the new Business Plan.
