Exchange

When you initiate an exchange in the Revolut app, we'll use a variable exchange rate. More information about the currency exchange rate can be found in our [Personal Terms](#).

The exchange rates we offer do not include any fees within the rate of exchange. Rather, we apply a separate percentage-based fee (as set out below), which is shown separately in the Revolut app whenever you make an exchange.

Exchange fees

Exchange type	User type	Exchange amount	Fee*
Fiat Currencies (excluding THB and UAH)	Standard Customer	Up to NZ\$2,000 per monthly billing cycle (the Standard Exchange Allowance)	NZ\$0

Exchange type	User type	Exchange amount	Fee*
		Any amount over the Standard Exchange Allowance	0.5% of the value of the exchange
THB and UAH	Standard Customer	Any amount	1% of the value of the exchange

* The highest fees relevant to your conversion will apply. For example, a conversion within the Standard Exchange Allowance between NZD and THB executed during exchange market hours, we will apply the fee that applies to THB (1%), not the fee for NZD (0%).

Exchange fees applicable outside exchange market hours

An additional fee will apply to fiat currency exchanges made outside of exchange market hours. An exchange will be outside of exchange market hours if it is made between Friday 5pm (New York time) and Sunday 6pm (New York time), which is a U.S. based time zone. For reference only, without taking into account daylight savings, the equivalent time period in NZ is approximately Saturday 11am (NZDT) to Monday 12pm (NZDT).

Exchange type	Exchange amount	Fee
