

Revolut's [Payment Processing Services Agreement](#) states that its Payment Processing Services may be subject to additional terms relating to a specific Payment Method. This agreement sets out those additional terms and conditions for the "Revolut.Me" Payment Method. We call them the "**Revolut.Me Terms**" (or just the "**Terms**").

You cannot use Revolut.Me to receive payments unless you first enter into a [Payment Processing Services Agreement](#) with us. All Revolut.Me payments will be processed according to that agreement.

These Terms apply to merchants who use Revolut.Me to receive payments ("**Merchants**" or "**you**"). They do not apply to anyone who uses Revolut.Me to make a payment (we call them "**Customers**" in these Terms). If a Merchant uses Revolut.Me to make a payment to someone else, they will be acting as a Customer and so these Terms will not apply to the Merchant when making that payment.

1. What is Revolut.Me

Revolut.Me is an easy way to accept payments from your customers. It does this by:

- creating a static webpage with a personalized URL (we call this your "Revolut.Me Page"), that customers can use to make payments to you (we call these "**Revolut.Me Payments**");
- generating you a 'username', which will be stated in your Revolut.Me Page and URL, that customers can use to identify you (we call this your "**Revolut.Me Username**");
- providing you with a QR code that will direct Customers to your Revolut.Me Page.

By sharing your Revolut.Me Page, or QR code, you can receive Revolut.Me Payments from anyone, anywhere, who has a valid means of payment.

Customers can make a Revolut.Me Payment to you using the following methods. We may add to or remove these methods without notice:

- Card payments.
- Revolut Pay.

Anyone who accesses your Revolut.Me Page will be able to make a Revolut.Me Payment to you. They will need to add a description and fill in the amount they want to pay you. If they don't complete this process, you will not be paid.

Unlike payment links, Revolut.Me Pages are multiple use. This means that they are a static URL which can be used to receive payments on an ongoing basis.

We may put limits on the amount you can request using a payment link, which we will show you in the app.

2. What will be my Revolut.Me 'username'

The first time you use Revolut.Me, we will generate a Revolut.Me Username for you. This will appear as part of your QR code, on your Revolut.Me Page, and in the URL for your Revolut.Me page.

You can request to change your Revolut.Me Username if you don't like it. You can only do this three times, so make sure you really want to make a change before you make a request.

Our Community Standards apply to your Revolut.Me Username, and your use of Revolut.Me.

3. What are the fees for Revolut.Me

We charge a fee for payment received by Revolut.Me. These are set out in our [Fees Page](#).
