Transfers to outside the Revolut App (Bank Account)

The transfer fees payable to us are as follows. We'll let you know in the Revolut app if any charges apply, before you make the transfer:

- Domestic transfer: JPY 220
- However, there is no charge for transfers within the limit of up to 3 transfers per month. The calculation of the monthly period is based on the monthly cycle.
- International transfer: Free
- In addition, if other banks are involved in the transfer, such as the bank of the payee, certain agent banks or intermediary banks (banks that assist in the transfer of funds between banks), they may also charge a fee for the transfer. We'll let you know in the Revolut app if any charges apply, before you make the transfer (However, the estimated amount of fees to be incurred at intermediary banks, etc. will be informed after the transfer has been executed).

Pay All Fees feature

- When you make an international payment, intermediary banks may deduct fees from the amount you sent. Our “Pay All Fees” feature allows you to pay a flat upfront fee which guarantees that the recipient receives the full amount. This will be charged instead of the standard international payment fee.
- The amount of the fee depends on your base currency. It can change from time to time, but you will always see the current fee in the app before you agree to the transfer. You can see our current fees and the routes where this feature is available on our pricing page [here](#).
- A discount on this fee will be applied according to your price plan in the same way as for other international payment fees.

Exchange

Whenever you make an exchange (including precious metals exchange) in the Revolut app, we'll use an exchange rate we have determined based on our foreign exchange market data and other information. There is more information about our exchange services in our [Personal Terms](#) and [Precious Metals Terms](#).

The exchange rates we offer do not include any exchange fees within the rate of exchange. Rather, we apply a separate percentage-based fee as set out below, which is also shown separately in the Revolut app whenever you make an exchange.

FEES DURING FOREIGN EXCHANGE MARKET HOURS

Foreign exchange market hours are all hours except Friday 17:00 New York time to Sunday 18:00 New York time.
