

This page consists of two Parts:

- Part I: Revolut Bank UAB Hungarian Personal Fees (Ultra)
- Part II: Revolut Bank UAB Personal Fees (Ultra)

Revolut Bank UAB will operationalise its Hungarian branch in 2026, called **Revolut Bank UAB Hungarian Branch**. The migration of the Hungarian customer portfolio is part of this process, from Revolut Bank UAB (Lithuanian entity) to the local branch, Revolut Bank UAB Hungarian Branch.

The terms and conditions in Part I will apply from the moment of the migration of the existing Hungarian customers of Revolut Bank UAB (Lithuanian entity) to the local branch, Revolut Bank UAB Hungarian Branch. It will also apply to new customers onboarded directly to Revolut Bank UAB Hungarian Branch.

Until the completion of this migration, the current terms of Revolut Bank UAB (Lithuanian entity), which are provided in Part II of this document, will continue to apply:

- to Hungarian customers whose contractual relationship which is subject to these terms predates **17 March 2026**;
- as well as to those who will open a contractual relationship subject to these terms after **17 March 2026** with Revolut Bank UAB, and until the migration is completed.

Once the migration is completed, Part I will apply to said Hungarian customers as well (i.e. Part I will replace Part II from the moment of the migration).

This version, containing Parts I and II, was published on **17 March 2026**.

This means payments in your base currency (i.e. in HUF) that are sent to an account in your country (i.e. in Hungary).
- You will receive a 100% preliminary discount on the special transaction fee for any Send transaction you make, regardless of the number of Send transactions that you make. If the discount is extended, we will also give you at least 2 months' prior notice before it expires.

Card transfers

A fee applies for card transfers.

- A fee applies for card transfers. This means payment directed to a supported non-Revolut card number, made using the Revolut app. This fee (plus, from the completion of the migration of the existing Hungarian customers of Revolut Bank UAB to Revolut Bank UAB Hungarian Branch, a special transaction fee of 0.45% but no more than 20,000 Ft per transaction applies in case of transactions above 50,000 Ft, for the part exceeding 50,000 Ft) will be calculated in real time and shown to you in the app before you confirm the payment. You can also see our live fees [here](#). The exact fee will depend on the transaction itself (for example, on how much you are sending and where to).
- You will receive a 100% preliminary discount on the special transaction fee for any Send transaction you make, regardless of the number of Send transactions that you make. This 100% preliminary discount is valid until 31 December 2026 and will be automatically extended until further notice, unless we give you at least 2 months' prior notice to the contrary. If the discount is extended, we will also give you at least 2 months' prior notice before it expires.

All other international payments

- You can see our live fees for international payments [here](#).
- You will receive a 100% discount on the fee for any international payments you make, regardless of the number of international payments that you make. The 100% discount on the fee will be calculated for each international payment you make. The fee (including the discount) will be calculated in real time and shown to you in the app before you make the payment. The exact fee will depend on what currency you are sending and where you are sending it to but our maximum fees are capped.
- This means any international payment (other than a payment within the Single Euro Payments Area, as set out above).

(When the payee's payment service provider is outside the EEA or the payment is in a non-EEA currency and we do not possess full data, we do not display an execution-time commitment or out-of-EEA charges in this agreement; the actual timetable and charges depend on intermediaries.)

Pay All Fees feature

- When you make an international payment, intermediary banks may deduct fees from the amount you sent. Our "Pay All Fees" feature allows you to pay a flat upfront fee which guarantees that the recipient receives the full amount. This will be charged instead of the standard international payment fee.
- The amount of the fee depends on your base currency. It can change from time to time, but you will always see the current fee in the app before you agree to the transfer. You can see our current fees and the routes where this feature is available on our pricing page [here](#).
- A discount on this fee (if any) will be applied according to your price plan in the same way as for other international payment fees.

Exchange

Whenever you make an exchange using Revolut within your plan's exchange limit:

- You get the Revolut exchange rate;
- We add an exchange fee (if one applies) (plus, from the completion of the migration of the existing Hungarian customers of Revolut Bank UAB to Revolut Bank UAB Hungarian Branch, a special transaction fee of 0.45% but no more than 20,000 Ft per transaction also applies); and
- Where possible, we will tell you the total cost before you make the exchange.

You will receive a 100% preliminary discount on the special transaction fee for any exchange you make, regardless of the number of exchanges you make. This 100% preliminary discount is valid until 31 December 2026 and will be automatically extended until further notice, unless we give you at least 2 months' prior notice to the contrary. If the discount is extended, we will also give you at least 2 months' prior notice before it expires.

This pricing applies to exchanges in money currencies. We've explained it in more detail below.

The only time you will pay more is if you exceed your plan's exchange limit. If you exceed this limit, you will be charged a fair usage fee on the additional amount. These

limits are:

- **Standard:** Exchange limit of 350,000 Ft per month. Fair usage fee of 1% applies to any additional exchange.
- **Plus:** Exchange limit of 1,050,000 Ft per month. Fair usage fee of 0.5% applies to any additional exchange.
- **Premium, Metal and Ultra:** No exchange limit. No fair usage fee.

Where possible, the rate, any fee and the total cost will be shown to you in the app before you make an exchange. You'll be able to take a look, compare it against our competitors, and decide if you like the total cost or not - we think you will like it. The only exception, where it is not possible to show you the total cost in advance, is when you make a card purchase that requires an exchange to take place in real time (for example, you make a purchase in USD, but you do not have an USD balance, meaning we need to perform the conversion in real time for you). However, after the transaction, you will be able to view the breakdown of the total cost within the app.

Exchanging money currencies

Whenever you make a money currency exchange using Revolut, we use our Revolut exchange rate, add a fee (if one applies) (from the completion of the migration of the existing Hungarian customers of Revolut Bank UAB to Revolut Bank UAB Hungarian Branch, a special transaction fee of 0.45% but no more than 20,000 Ft per transaction also applies), and where possible show you the total cost.

You will receive a 100% preliminary discount on the special transaction fee for any money currency exchange you make, regardless of the number of money currency exchanges you make. This 100% preliminary discount is valid until 31 December 2026 and will be automatically extended until further notice, unless we give you at least 2 months' prior notice to the contrary. If the discount is extended, we will also give you at least 2 month s' prior notice before it expires.

We use our own Revolut exchange rate for money currency exchanges. This rate is set by us. It is a variable exchange rate and is constantly changing. This means that the money currency buy and sell rates are determined based on data feeds from a range of independent sources, as well as the amount of the transaction. You can view the currency exchange rate on our website or in-app.

The fee we charge (if one applies) is an exchange fee. This is a variable fee (which means it is constantly changing) depending on the parameters of your exchange (like what you are exchanging and when). You can see what this fee is in the app.

Remember, your money currency exchanges count towards your exchange fair usage

limit if you are a Standard or Plus customer (but not if you're a Premium, Metal and Ultra customer).

Please see our [FAQs](#) for more information about the money currency exchange, Revolut exchange rate and exchange fee.

Revolut Pro Account

If you have a Revolut Pro account, the below fees apply in relation to your use of your Revolut Pro account and any services available to you as a Revolut Pro customer like the payment processing product. Please see the [Revolut Pro Account terms](#) (which we call the "Pro Terms") and the [Payment Processing Services Agreement](#) (which we call the "Payment Processing Terms") for more information about the services these fees relate to.

Revolut Pro Payment Processing Fees

If you use our payment processing product as a Revolut Pro customer, the below fees will apply to your use of those services. Please see the Payment Processing Terms for more information on the services which these fees relate to, and our approach to blending fees.

The following fees will apply (we call these the "Revolut Pro Payment Processing Fees"):

- 2.5% for online payments,
- and 1.5% for offline payments using the Card Reader.

Merchant Chargebacks

If one of your customers disputes a transaction, they can raise a 'chargeback' request. For example, they may do so if they allege a transaction was fraudulent or a product was counterfeit or not delivered. If the chargeback is successful, the transaction will be refunded, but you'll be charged a chargeback fee. The chargeback fee depends on the currency of the original transaction, as set out below. You may be able to challenge the chargeback request.

There is more information about disputes and chargebacks in our [Payment Processing Services Agreement](#).

The amount of the chargeback fee depends on the currency of the original transaction. If you provide evidence that the transaction has been legitimate and you delivered products or services according to the agreement with the customer, the issuer bank might revert the chargeback and you will also get the chargeback fee reverted back to your Revolut Pro account.
