

Personal Terms

MY REVOLUT ACCOUNT

1. Why these terms and conditions are important

This document sets out the terms and conditions for your Revolut personal account (“your account”) and its related services. It also sets out other important things that you need to know. These terms and conditions form a legal agreement (the “agreement”) between:

- you, the account holder; and
- us, REVOLUT TECHNOLOGIES JAPAN, Inc.

There is no contract period that applies to these terms and conditions. However, we may suspend or close your account if there has been no transactions for more than 3 years (for more information, see '22. When could you suspend or close my account').

We are REVOLUT TECHNOLOGIES JAPAN, Inc. (“we” or “our” or “us”), an authorised Class 2 fund transfer service provider which is registered with the Kanto Local Finance Bureau (registration number 00060).

You can ask for a copy of these terms and conditions through the Revolut app at any time. To use all the functions of the app, you must be connected to the internet.

It's important for you to understand how your account works, so if you'd like more information you might find it helpful to read our [FAQs](#). (The FAQs don't form part of our agreement with you.)

2. Using money in my account

Once you have money in your account you'll be able to use our services. For example, you can do the following (for information on how to add (top up) money, please see '10. Adding money to my account!):

- send money to and receive money from other Revolut accounts and non-Revolut accounts;
- change money from one currency to another (we call this a currency exchange). The currencies available might change occasionally;
- make payments and withdraw cash at ATMs in or outside of Japan using your Revolut Card (however, money added (topped up) with a credit card or prepaid card can be used for card payments (purchases), but not for cash withdrawals or money transfers); and
- view information about and manage your account.

We add new features and services all the time. However, we may suspend, terminate or change any part of the services we provide to you in order to comply properly with laws, regulations, rules (including self-regulatory rules), guidelines, supervisory guidelines and other regulatory requirements, or at our discretion. In such cases, we will notify you if we believe it necessary.

We do this for a number of reasons and to meet our legal and regulatory requirements. Our [Privacy Policy](#) explains more about how we use your information for these and other purposes. When we have the information we need, we will open your account.

You can't:

- open more than one Revolut personal account;
- open a new Revolut account if we've previously closed a Revolut account; or
- open an account for business purposes.

4. How do I get information on payments / transfers into and out of my account?

You can check all payments / transfers into and out of your account through the Revolut app. We will not make any changes to your account information and it will be available to you for ten years after you close your account. If you need to keep a copy of the information after then, you will need to download it. You can download information from the app at any time.

We will send a notification to your mobile device each time a payment / transfer goes into or out of your account. You can turn off these notifications, through the Revolut app or in your device's settings, at any time. However, it's important that you know what payments / transfers go into and out of your account, so we recommend that you do not turn off notifications. If you turn off notifications, you should regularly check your payments / transfers on the Revolut app.

Communicating with You

We'll usually communicate with you through the Revolut app.

This is how we will provide account information and tell you about any fraud, or suspected fraud, relating to your account of which we become aware. It is also how we will tell you if we become aware of a security threat to your account. Make sure you regularly check the Revolut app for this information.

To help keep your account safe, download the latest software for your mobile device and the latest version of the Revolut app as soon as they are available.

We may also communicate with you by text message or email, so you should regularly check your text messages and email account.

Keep us in the loop

Please keep your details up to date and let us know immediately if any information you've given us changes. If we discover that any of your information is incorrect we may update it.

To meet our legal and regulatory requirements we might sometimes need to ask for more information about you (for example, if your transactions increase). Please provide this information quickly so that there is no disruption to your account or our services.

5. How do I close my account?

You can close your account, and so end the agreement, at any time by letting us know. You can do this through the Revolut app, or by emailing us at support@revolut.com.

You will still have to pay any charges you've run up (for example, if you've asked for an extra Revolut Card). We will also charge you any break fees, if any, that apply to agreements you've entered into with us (for example, if you terminate your Metal subscription).

If there are funds held in your account, we request that you withdraw such funds before closing your account.

Canceling your Revolut Card

If you change your mind and don't want a Revolut Card any more, just let us know and we'll cancel it.

6. What happens after my account is closed?

If your account is closed, irrespective of the reason, the funds held in your account will be converted from our obligation to you in relation to exchange transactions to our obligation to return the funds upon termination of this Agreement. You can receive the return of such funds by the method prescribed by us, such as remittance. In the return of such funds, you will be responsible for any applicable fees for bank transfers, currency conversions or any other relevant actions you or we take to fulfil the return obligation owed by us to you. We will not be responsible to pay such fees on behalf of you or any other Revolut account holders. If currency conversion is required to fulfil any return obligations owed by us to you, we will convert the currency at the exchange rate applicable at the time of remittance and deduct the fees prescribed by us.

We'll hold back an equivalent amount of funds to cover any payments / transfers that you approved before your account was closed. You'll also still owe us any money after your account closure that you owed us while your account was open.

How do I get access to my money after my account has closed?

For 10 years after your account has closed or your Revolut Card has expired you'll be able to contact customer services (at support@revolut.com) and ask them to repay debts we owed to you. Such repayment of debts will be made in the currency of the country you live in

8. Keeping your security details and Revolut Card safe

We take reasonably necessary measures to keep your money safe. We ask you to do the same by keeping your security details such as PIN number and Revolut Card safe. This means you shouldn't keep your security details near your Revolut Card, and you should disguise or protect them if you write them down or store them. Don't share your security details with anyone.

To keep your money safe, we also ask you to take the following actions:

- make sure you close down the Revolut app when you're not using it;
- secure the device on which you use your account;
- keep the means of authentication (e.g. email account, SIM card, phone number) for logging into your account secure and do not allow others to use them; and
- keep your mobile phone and your email account secure and don't let other people use them.

Contact us through the Revolut app, as soon as possible, if your Revolut Card is lost or stolen, or if your Revolut Card or security details could be used without your permission.

If you can, you should also freeze your Revolut Card using the Revolut app or by the means below. If you later realise there's not a risk to your Revolut Card's security, you can unfreeze it.

How you can contact us

1. Write to us at: REVOLUT TECHNOLOGIES JAPAN, Inc. ARK Hills South Tower 3F (310), 1-4-5 Roppongi, Minato-ku, Tokyo, Japan 106-0032.

2. Tell us about a lost or stolen Revolut Card or security details:

9. Are there any restrictions on using the Revolut app or Revolut Card?

Please act reasonably and responsibly when using the Revolut app or Revolut Card.

For example, the Revolut app or Revolut Card must not be used (directly or indirectly) as follows:

- for improper or illegal purposes (for example, fraudulent or money laundering purposes);
- improper or illegal acts (not only when such acts are illegal for you, but also when the provision of services by us based on your request is illegal for us);
- remittances or payment to, or remittances from, operators of gambling-related businesses (provided, however, that financial institutions such as banks are not included.) (For example, such operators include online casino operators, etc.);

- remittances or payment to, or remittances from, non-licensed, non-permitted, non-accredited, non-registered business operators or other illegal business operators in Japan (including, for example, foreign crypto-asset exchangers that are not registered in Japan);
 - for business purposes;
 - remittances to bank accounts held in Japan by non-residents;
 - receipt of remittances from abroad or non-residents (excluding remittances between Revolut accounts);
 - payment or receipt of salaries;
 - receipt of public money (including taxes, social insurance premium, subsidies, etc.);
 - in a way that we reasonably believe might harm our ability to provide our services (This includes, for example, activities such as “looping”, in which you use your debit card or prepaid card to charge funds into your Revolut account to subsequently transfer such funds to your account at a bank which is also the issuer of such debit card or to charge such amount back to the originating prepaid card or you circulate funds between your or a third party's bank accounts via your Revolut account.);
 - only to send money to and receive money from a credit card account;
 - for any transactions to receive cash other than making a withdrawal from an ATM ;
 - to control or use a Revolut account that’s not yours;
 - to give Revolut Cards to any other person;
 - to allow anyone else to have access to or use your account or the Revolut app;
 - to abuse, exploit, get around or breach any usage restrictions set by a service provider your Revolut Card is registered with. For example, you must only use one Revolut Card for any particular service provider that offers a free subscription or trial period. It is prohibited to use our virtual or disposable cards to apply more than once for free subscription or trial period services or services with a limited number of times for the same service provider;
 - to trade in foreign currencies for speculative purposes (that is, to take advantage of any expected rise or fall in the value of a currency) or to take advantage of discrepancies in the foreign exchange market, or acts reasonably suspected to be these acts;
 - to use the Revolut app as a vehicle to “monetise” balances topped up with your credit card or prepaid card. To “monetise” means: (i) to withdraw balances topped up with a credit card or prepaid card from an ATM and (ii) to transfer balances topped up with a credit card or prepaid card to domestic or international bank accounts and other Revolut users in Japan and abroad; and,
 - to terminate a Premium Plan or Metal Plan or Revolut service within 14 days after signing up for said plan or Revolut service, and then again terminating a Premium Plan or Metal Plan or Revolut service within 14 days after signing up for said plan or Revolut service within 12 months after signing up for the original Premium Plan or Revolut plan or Revolut Service.
- Please also act in a respectful way towards us and our contractors, as well as their officers, employees and support staff – we're here to help you. You shall not engage in insults, blasphemy, threats, slander, damage to credit, defamation, obstruction of business, abusive

language, harassment, intimidation, discrimination, unreasonable or other socially unreasonable language or behaviour against us, our contractors and their officers, employees or support staff.

MOVING MONEY IN AND OUT

10. Adding money to my account

You can add money to your account using a debit card, credit card or prepaid card registered with us (we call this your stored card) or by bank transfer. Your stored card must be in your name.

There is more information on adding money to your account in our [FAQs](#).

Once we receive money, we will provide you with the information set out in Article 30, Paragraph 1 of the Cabinet Office Order on Funds Transfer Service Providers (the "Receipt Information") through the Revolut app by electromagnetic means, rather than by issuing a document, and you consent to receive the Receipt Information in such way. If you withdraw your consent, we will issue a document containing the Receipt Information, in which case you may be required to pay costs for issuing such a document as prescribed by us.

Automatic top-up of my account

We know that it's important to be able to make transfers / payments from your account whenever you want. You can authorise us to add money to your account from your stored card whenever the value of money in your account drops below a certain amount. We call this an auto-add. You can cancel an auto-add at any time through the Revolut app or by contacting your card provider.

Payment limits

Sometimes we might limit how much you can receive into or transfer / pay from your account, or how much you can withdraw or spend using your Revolut Card, for regulations in or outside Japan or for any other reason. We might also limit the value of currency exchange you can carry out at any one time or over a period of time. These limits can change from time to time. Information about these limits is set out in our [FAQs](#).

Please note: Transfers / Payments to / from Revolut users registered in Japan are capped at one million yen (or at an equivalent value in other currencies) per transaction due to local regulations. In addition, the maximum amount of money that can be added to your account per transaction is limited to one million yen (or at an equivalent value in other currencies).

Keep your currency consistent

It's important that any money topped-up to your account is made in the currency of your account (JPY). Otherwise, the top-up will be converted to the currency of your account at the exchange rate specified by the source of the top-up. This means that your account might be credited with more or less than you expected. We won't be responsible for any losses if this happens.

Managing balance in your Revolut account

Local laws and regulations require Revolut to ensure that balances in Revolut accounts be used for exchange transactions including making payments, Instant Transfers (transfers between Revolut accounts), and sending money to bank accounts. In other words, we shall not allow funds that are not used for exchange transactions to remain as balances in a customer's Revolut account for an extended period of time. For that reason, you are responsible for using and managing funds in your balance.

In order to ensure proper compliance with laws and regulations, we also monitor the number of activities of and use of balances in Revolut accounts. Should we have reasons to believe that there is a low likelihood that you will be using your balance in your Revolut account for exchange transactions for an extended period of time, our customer support team may reach out to you to inquire about your immediate and future use of such funds. Note also that we may reach out to you via email should our customer support team be unable to reach you for any reason. We ask that you check your Revolut app for any notifications we send to you, so that your account may not be suspended.

If we think you do not intend to use any or all of the funds in your balance for exchange transactions, we may refund some or all of the funds in the balance back to their original funding sources. For example, if funds were initially added to your Revolut account from your debit, credit or prepaid cards, we will refund the amount to the relevant card. Should Revolut ask you to refund the funds through a bank transfer, we will also ask for your cooperation in doing so. Please note that the balance in your Revolut account cannot remain held for an extended period of time without using it for exchange transactions due to local laws and regulations. If we request that any funds be spent or transferred out of your Revolut account to comply with regulatory requirements, your failure to comply may result in the suspension or the termination of your account.

Before funds can be refunded back to their original funding sources, should any foreign currencies be converted to Japanese yen, such conversion will be completed using the exchange rate at the time of the refund.

You will be responsible for any applicable fees for bank transfers, currency conversions or any other relevant actions you or we take to refund the funds out of the balance of your Revolut account. We will not be responsible to pay such fees on behalf of you or any other Revolut account holders.

Fees relating to adding money

Please see the [Fees page](#).

11. Transferring money between Revolut accounts

You can send money to, and receive money from, other Revolut accounts. We call these sorts of payments Instant Transfers. All Instant Transfers are received immediately.

*Please note that money added by credit card or prepaid card cannot be transferred (please see '9. Are there any restrictions on using the Revolut app or Revolut Card?').

You can make an Instant Transfer to another Revolut user's account by choosing them from the contacts list in the Revolut app, by using their username, or by using any other method we provide to identify them, and following the prompts.

Making purchases using Pay with Revolut

You can also make an Instant Transfer to a business which uses "Pay with Revolut". This can happen by you instructing us to make an Instant Transfer for a set amount from your Revolut Account to a business, either instantly or at a set date or dates in the future (for example, instead of paying by card in a checkout). We call these payments:

Customer Initiated Payments

Customer Initiated Payments must be for a set amount. The set amount will be a one-off payment. You can turn off recurring Customer Initiated Payments to a business at any time (but you'll need to turn it off at least three or four days before its due date if you want to cancel it). You will be asked to confirm and authenticate the amount of a Customer Initiated Payment, and

any recurrence of it, in the checkout or sign-up flow. The business will only ever be paid the amount you confirm and the business cannot collect any other payments without your permission.

Protection when using Pay With Revolut

Pay with Revolut is a service we offer businesses to allow you to pay them directly from your Revolut account, without any frustrating card details. We have created a [Buyer Protection Policy](#) which applies when you make an eligible purchase using Pay with Revolut.

12. Making other types of transfers / payments

You can send money to your or someone else's bank account. You can make a one-off transfer / payment or set up a recurring transfer / payment. Just enter the required information (bank name, recipient's name, account number, etc.) of the account you're sending money to in the Revolut app and follow the prompts. We may also need to ask for other information where necessary.

*Please note that money added by a credit card or prepaid card cannot be transferred (please see '9. Are there any restrictions on using the Revolut app or Revolut Card?').

Using your Revolut Card

You can also make payments or withdraw cash using your Revolut Card.

*Please note that money added by a credit card or prepaid card cannot be withdrawn (please see '9. Are there any restrictions on using the Revolut app or Revolut Card?').

When you use your Revolut Card to make a withdrawal from an ATM or make a payment (for example, in a shop or restaurant), we will consider the payment to be authorised by you unless:

- you let us know in advance that the money has been stolen from your account; or
- you think reasonably we haven't carried out your instructions correctly.

Sometimes we might charge you a fee for making withdrawals. For more information on such a fee, please see our [Fees Page](#).

We are not responsible for losses where payments are returned in a different currency

Sometimes, money you've asked us to transfer to someone is not paid into their account and is returned to us. If we had to carry out a currency exchange when we sent the payment, and can show that we did everything right, when we return the money to you we'll return it in the converted currency or convert it back to the original currency at the exchange rate at the time of return. This means that the amount you receive back into your account might be less than the payment you made (or it could be more). We would not be responsible for any losses that this causes you.

Take care entering the details of the person you want to transfer / pay

When you enter the details of the person you want to transfer / pay, make sure the details are correct. If they're not, your transfer / payment might be delayed or you might lose your money if it's sent to the wrong account.

Make sure you know the person you are making a payment to. If someone approaches you and asks you to make a transfer / payment to them, but you are not sure who they are or what the transfer / payment is for, you may be a victim of a scam.

We won't be responsible for the transfer / payment if you gave us the wrong details. If you ask us to, we may assist you to get your money back to a reasonable extent, but we cannot guarantee the recovery. The difficulty of recovery also depends on the country in which the recipient of the transfer / payment is located

If you contact our customer support team through the Revolut app we may give you information to help you try to recover the money to the extent reasonably practicable.

13. What happens if a transfer / payment was sent to the wrong account, wasn't sent at all or was delayed?

We'll try to process your transfers / payments correctly and on time, but sometimes things go wrong and a payment might be delayed or not received by the person you wanted to transfer / pay.

If the money is not received into the account you sent it to for reasons attributable to us (except for reasons attributable to you), we'll refund the transfer / payment back into your account. If you've had to pay any charges or interest in this case, we'll refund those too. If we received a transfer / payment on your behalf, but the money was not paid into your account on time for reasons attributable to us, we'll immediately credit your account with the amount of the transfer / payment.

This section 13. doesn't apply to currency exchanges.

14. Send and receive money using a payment link

You can send money to a friend who doesn't have a Revolut account by setting up a 'payment link'. You can do this by going into the Revolut app, entering the amount you want to send, clicking on 'create payment link', and sending the link to your friend.

You can also create a payment link to receive payments and send that link to your friend who doesn't have a Revolut account.

Once you've sent the link to your friend, they can complete the payment link by entering the details that are needed for them to send money to your account or receive money from it.

- If you are sending money using a payment link, your friend will need to enter their bank account details into the link. The payment will then be made to their bank account, as if you had entered those details into the Revolut app yourself. Sometimes, because of the size or nature of the payment, your friend will be asked to join Revolut in order to complete the transaction. Once they have, the payment will be made to their Revolut account.
- If you are receiving money using a payment link, your friend will need to enter their card details, or details of a card added to Apple Pay or Google Pay, into the link. The payment will then be made from their card. We may put limits on the amount you can request using a payment link, which we will show you in the app.

Sometimes, we may have to ask your friend to open a Revolut account or provide information before they can receive a payment for other reasons too. If they don't, we won't be able to make the payment to them or from them.

All payment links have a time limit. After this, the link will expire, and your friend will not be able to make or receive your payment. We'll tell you what this time limit is in the app when you create the link.

Remember, when you create a payment link to send money, you are agreeing to make a payment without entering the account details yourself. The payment will be made to whatever details are entered into the link. Make sure you are careful where you share a link, and who you share it with. For example, if you share a "send money" link on your friend's social media profile, someone else could click on the link and claim the money themselves. If you're worried about a

payment link you have created, you can cancel it (before it is completed) through the transaction history in the app.

15. What exchange rate do you use?

We use exchange rates we have determined based on foreign exchange market data for our exchange rates. You can always see our live exchange rate in the Revolut app.

All Standard users can, in principle, make a set amount of exchanges at certain rates every month. The set amount (Standard Exchange Allowance) is set out on our Personal Fees (Standard). Standard users who exchange more than this amount start paying an exchange fee as set out on our Personal Fees (Standard) (but Premium and Metal customers do not). For more information on fees related to currency exchange, please see the [Fees Page](#).

Any currency exchange carried out is immediately reflected in your Revolut account.

After exchange, your transaction history in the Revolut app will show the exchange rate used. The exchange rate may change between the time you told us you wanted to exchange currency and the time we actually carry out the conversion. This means that if you ask us to exchange currency, you may receive a little more or less than what you had expected.

We're not responsible if you lose any money as a result of a currency exchange.

We're not responsible if you're charged any fees or lose any money because you're using your Revolut Card in another country and you ask the retailer (or the retailer's bank) to make the conversion. For example, imagine you're a Japanese customer travelling to the UK. When you pay your bill at a restaurant you agree to pay in yen rather than pound sterling. When you do, you're asking the restaurant (or their bank) to convert the currency for you, and they may charge a fee or use a different rate.

16. Can I cancel a payment or currency exchange?

You can cancel a payment (including a recurring payment) at any time up to the end of the business day before the payment is due to be paid from your account.

You can't cancel a payment on the same day it's due to be paid from your account. In addition, you cannot cancel transfers carried out between Revolut accounts.

You also can't cancel a currency exchange once we've received your request to carry it out. In the case of domestic outbound transfers, once the transfer has been completed, it is not possible to cancel or request a change. If you wish to cancel a transfer before that time, you will need to go through a recall procedure called "kumimodoshi" in order to have the funds returned from the financial institution which is expected to receive the funds. Please contact our customer support team for this kind of request.

Please note that any fees applied for transfers will not be refunded even in the case of the above recall. In addition, a fee may be charged for each recall.

Please note that a consent from the payee is required in order to perform a recall, so if your payee (recipient of the transfer) refuses to accept the recall, in principle, the recall will not be made.

If you believe you have been a victim of a scam or other fraudulent activity, please consult with the police and the beneficiary financial institution.

The funds will be automatically returned to your account if the payee's account is already closed or if you send the money to a non-existent account number. You will not be charged for any transfer fees in such cases.

17. How long does it take to make a payment?

We understand that when you make a payment, one of the most important things is that the person the payment is for receives it on time. When their bank will receive the money depends on what time you tell us to make the payment, and the currency you want us to make it in.

The below explains when we'll make the payments.

- **Instant Transfer to a Revolut account:** As a general rule, we will receive your payment instruction and transfer the money immediately regardless of when payment instruction is provided.
- **Remittance to a bank account:** As a general rule, money is transferred to the bank account of the beneficiary specified by the end of the business day following the day on which the remittance instruction from you is received. However, it may take up to two business days in Japan, depending on the receiving bank's receiving hours, and up to five business days outside Japan, depending on the situation in the country or region where the receiving bank is located.
- **Payment by Revolut Card:** As a general rule, payment for goods and services is made and the amount is deducted from the balance in your Revolut account immediately.
- **Cash withdrawals at an ATM:** As a general rule, cash withdrawals at an ATM are made and the amount will be deducted from the balance in your Revolut account immediately.

If you tell us to make a currency exchange, as a general rule, you will receive the converted money immediately.

18. When we may refuse or suspend a remittance / payment

We may refuse or suspend your transfer, payment or withdrawal of funds (cash) (hereinafter collectively or individually referred to as 'transfer, etc.')

 if any of the following events occur:

- if we are required by laws, regulations (including self-regulatory rules), rules (including self-regulatory rules), guidelines, supervisory guidelines, or other regulatory requirements, or by order or request from an administrative, judicial or self-regulatory body to prohibit or suspend transfer, etc., or to carry out additional verification necessary for transfer, etc.;
- if you have broken these terms and conditions or any other of our terms and conditions applicable to you;
- if we believe that processing your instruction would break these terms and conditions or any other of our terms and conditions applicable to you or that your instruction doesn't contain all the information we need to make the payment properly;

WHAT HAPPENS IF SOMETHING GOES WRONG

20. What happens if funds are lost from my account due to improper transactions?

If you have lost funds from your account due to improper transactions, you shall report this to the police station and inform us as soon as possible through the Revolut App (within 60 days from the date the funds were lost from your account due to improper transactions) (hereinafter referred to as the "Compensation Period") of the occurrence of the loss, and inform us through the Revolut App of the existence and details of any compensation you have received or are entitled to receive from a third party other than us and any other information we reasonably require. Improper transaction here refers to the improper use of funds in your account by a third party against your will, due to circumstances such as the theft or fraudulent use of information relating to your account.

In the event that funds in your account are lost due to improper transactions, and if any of the following applies, we will compensate to your account the amount of funds that you lost from your account due to improper transactions (provided, however, that if you have received or are

entitled to receive compensation from a third party, the amount of such compensation is deducted). In the event of compensation by us, you shall transfer to us any rights you may have against a third party arising from the improper transaction:

- you couldn't have known that your security details or Revolut Card were at risk of being misused;
- funds in your account were lost because someone we're responsible for such as an acquirer made a mistake;
- funds in your account are lost after you told us that someone knew your security details or your Revolut Card was lost or stolen; or
- laws required us to make you follow certain prompts (personal authentication, etc.) when you instructed us to make the payment or remittance and we didn't do this.

We'll also pay back any charges you paid as a result of the payment being taken from your account if funds in your account are lost due to improper transactions and we decide to pay the money back into your account as above.

Notwithstanding the above, however, we will not compensate you and will not pay any of the above charges if any of the following applies:

- if you've acted fraudulently, or the transaction is improper due to your wilful intention or gross negligence (e.g. if you carelessly failed to keep your security details or Revolut Card safe (unless you told us about this before funds are lost from your account), or if you gave someone your Revolut Card PIN, etc.);
- if you have not reported to the police station that you have lost funds from your account due to improper transactions;
- if you fail to inform us within the Compensation Period of the occurrence of the damage;
- if you fail to inform us of the existence and details of any compensation you have received or are entitled to receive from a third party other than us, and any other information we reasonably require;
- if you are in breach of these terms and conditions or any other of our terms and conditions applicable to you;
- if all or part of the information you have provided to us is false or suspected to be false;
- if you do not cooperate in the discovery of persons who have carried out improper transactions and in the investigation of any damage;
- if you do not make the necessary efforts or cooperation to prevent the occurrence and spread of damage;
- if the improper transactions are caused by a war, earthquake or other significant disruption of social order; or
- in addition to the above, if we reasonably consider compensation to be inappropriate.

In the event that an improper transaction has occurred or is likely to occur, we will promptly disclose all necessary information when we deem it necessary to prevent the spread of damage (secondary damage), when we deem it necessary or useful to avoid the occurrence of similar cases, or when we deem that the amount of damage or number of cases will have a significant social impact, based on the nature of the improper transaction.

We may suspend or discontinue this compensation policy without prior notice to our user, etc., if we consider it necessary to suspend or discontinue the policy due to system maintenance, communication lines or means of communication, computer failures or other reasons. We shall not be liable for any damage incurred by our user, etc. during the suspension or discontinuation of this compensation policy.

If we give you a refund and then find that you weren't entitled to it, you will have to pay us back.

23. We can change these terms

We may change these terms and conditions for the following reasons:

- if we think it will make them easier to understand, or the purpose of each provision will be clarified;
- to make them more helpful to you;
- to appropriately reflect the way our business is run, particularly if the change is needed because of a change in the financial system, our technology or that of our subcontractor;
- if we think it is necessary for us to properly comply with laws, regulations (including self-regulatory rules), guidelines, supervisory guidelines and other regulatory requirements that apply to us;
- to reflect changes in the cost of running our business or fees for our services;
- because we are changing or introducing new services or products or products covered by these terms and conditions;
- if we consider it necessary to do so in order to provide our services more appropriately; or
- in addition to the above, if we reasonably consider it necessary to do so.

Telling you about changes

In the event of changes to these terms and conditions, if we consider it necessary in light of the influence on you, we'll notify you in advance of such change through the Revolut app, email or other appropriate means and will also provide you with the specific change to be made and the date such change will become effective. If you disagree with any of the changes we make, you can notify us before the effective date of the change to close your account. Otherwise, we'll assume that you agree with the change.

24. Are you responsible if something goes wrong with my account, my Revolut Card or the Revolut app?

We'll try to do as much as reasonably possible to make sure that our services are not interrupted and are accessible at a reasonable speed. However, we can't promise that this will always be the case or that the services will be free from faults. We also outsource some of the work necessary to provide our services to you to third parties, and our services may be interrupted due to the circumstances of such third parties.

If you have a Revolut Card, we will let you know about any changes to our system that will affect your ability to use the card.

While we will try our best to solve problems arising from our services, we will not be liable for any loss arising from or in connection with our failure to fulfil our obligations to you for any of the following reasons:

- in order for us to comply appropriately with laws, regulations (including self-regulatory rules) guidelines, supervisory guidelines and other regulatory requirements;
- your breach of these terms and conditions or any other of our terms and conditions applicable to you;
- unforeseeable events outside our control, which were unavoidable at the time; or
- for reasons other than those attributable to us.

If you can't use your Revolut Card due to reasons attributable to us, please contact us via our app so that we can replace the card.

Limitation of our liability

If you incur a loss due to our negligence (excluding gross negligence), our liability is limited to a loss which would arise in ordinary course and capped at the amount of balance in your account as of the time immediately before the occurrence of such loss, and we are not liable for losses that arise from any special circumstances.

Nothing in these terms and conditions removes or limits our liability for death or personal injury resulting from our negligence or from fraud or fraudulent claims and statements.

25. How you might owe us money

You cannot transfer, pay or withdraw more than the fund balance in your account . You must ensure that your balance in your account does not become negative, and if your balance becomes negative (for example, you must add sufficient amounts in your account in advance to pay any fees owed to us, such as subscription fees for Metal or Premium Memberships), you must top up your account immediately.

If you owe a debt to us, we may at any time, without prior notice to you, appropriate or set off such debt against your claim against us, irrespective of the maturity date of such claim (hereinafter referred to as "set-off, etc."). In this case, the period for the calculation of the accrue interest shall be up to the date of the execution of the calculation by us, and for foreign exchange rates, the rates at the time of the execution of the calculation by us shall be applied.

Paying fees or other liabilities you owe us

The fees payable by you to us are set out on our [Fees Pages](#).

If you owe us fees or other liabilities, we'll take the amount you owe us from your account, in Japanese yen.

In this case, if not enough money in your account is held in Japanese yen, we'll deduct the equivalent value from money you hold in another currency after converting the funds held by you in another currency at the exchange rate at the time of the deduction. If you don't have enough money in your account to pay the fees or other amounts you owe us, we might recover the amount in another way, as explained below.

When you owe us a debt, and despite us notifying you to repay such debt within seven days, you have failed to top up your account or repaid us for the full amount of such debt within that period, then we can recover the amount by:

- taking the amount you owe us from your stored card that was last used to successfully top up your Revolut account (or if such card cannot be used to collect the amount owed to us, then taking the relevant amount from any other stored card);
- exercising our right of set-off, etc.; or
- taking other legal steps to recover the money you owe us, such as instructing lawyers or debt collectors.

If we take any (or all) of these steps, we might charge you our reasonable costs (including legal fees).

26. When you might be responsible for our losses

You may be responsible to us for certain losses

If you have broken these terms and conditions or any other of our terms and conditions applicable to you, and this has caused us to suffer a loss, the following will apply:

- you will be responsible for any losses we suffer as a result of your action (we will reasonably try to keep the losses to a minimum);
- if your actions result in us losing profits, you may also be responsible for those losses on lost profits. You won't be responsible if this would mean that we are compensated twice for the same loss; and
- Our losses you will also be responsible for include any reasonable costs (including legal fees) that arise in connection with your breach of these terms and conditions or any other of our terms and conditions that apply to you.
