Currency Exchange: Whenever you make a currency exchange in the Revolut app, we'll use an exchange rate based on our market rate, which is based on foreign-exchange market rates. There is more information about our exchange rate in our [Personal Terms](#) and [Business Terms](#).

Limits and Fees:

Premium Plan customers may exchange up to \$10,000 in a given 30-day period before Currency Exchange Fair Usage Fees apply. After the \$10,000 limit is reached, you will be assessed a fee of 0.5% on the transaction amount for currency exchanges. **See Schedule A of the [Cardholder Agreement](#) for complete details.**

Exchange Rate Fee

For some plans, we charge a higher exchange rate fee outside foreign-exchange-market hours because less currency is traded during these times. **Foreign-exchange-market hours are all hours except 5:00pm on Friday to 6:00pm on Sunday, Eastern Time.**

As of April 22, 2025, customers on a Premium Plan are not charged an Exchange Rate Fee for exchanges “outside of market hours”.

International Money Transfers and Non-USD Domestic Transfers

International Transfers are defined as a transaction in a currency other than U.S. dollars, whether within the U.S. or globally.

If you transfer funds to an external bank account in a country outside of the U.S., this is considered an **"International Transfer"**.

If you transfer funds domestically in a currency other than USD, this is considered a **"Non-USD Domestic Transfer"**.

You may have a choice in how you pay for your International Transfer or Non-USD Domestic Transfer and these options may vary based on when and where your transfer originates, the transfer destination, method of transfer, and currency. Your available transfer options will be displayed in the mobile application prior to confirming the International Transfer transaction.

The following limits and fees apply to International Transfers and Non-USD Domestic Transfers with your Revolut Standard plan:

1. Pay Standard Revolut Fees

For international and non-USD transfers through Revolut and its partners, you will be charged the greater of (i) a fee from Revolut of up to 5% on the transaction amount, or (ii) a fixed fee of up to \$10.00 for smaller transactions.

Please note that the beneficiary bank could also charge a fee to receive your transfer. When your money is in transit, it might be processed by an intermediary bank who might also deduct a handling fee. Therefore, the amount received might be less than the amount you sent.

Intermediary bank fees may be applied even in the event of an unsuccessful transfer.

2. Pay All Transfer Fees feature (International Transfers and Non-USD Domestic Transfers Only)

The Pay All Transfer Fees Feature allows you to pay a flat upfront fee which is charged instead of the International Transfer or Non-USD Domestic Transfer fee that would otherwise apply. Refer to the [Cardholder Agreement](#) for complete details.

See Schedule A of the [Cardholder Agreement](#) for complete details about the fees that apply to your Plan.
