

Clear Sky Card - Terms and Conditions

Revolut "Clear Sky Cards" are available to Revolut Ltd, Revolut Bank UAB and Revolut Bank UAB Branch customers, on any Personal plan, who make a donation above the minimum amount (£5 or currency equivalent) to UNHCR, via Revolut's Donations feature. The minimum donation varies by currency, but will be clearly displayed on the UNHCR donations page in the Revolut app.

How to order a Clear Sky card?

As this is a special edition card, you will only be able to order one from 11 February 2025 to 30 April 2025 or while stock lasts. Within this period, the following steps must be completed:

- Log in to the app and go to "RevPoints" section on the bottom menu of the app;
- Tap "Donate";
- Find "UN Refugee Agency - UNHCR" by tapping "See all" in the "All charities" section and donate as much as you like, but at least the minimum amount displayed;
- Once you've donated, the Clear Sky Card will be available from the card order flow in the "[Cards](#)" tab of the app.

Are there any applicable fees?

Customers in Revolut Ltd, Revolut Bank UAB, and Revolut Bank UAB Branch will need to make **a donation above the minimum (£5 or currency equivalent)** to unlock the card and pay a **card fee of £3.99 or currency equivalent**. First 30,000 customers in Ukraine will be able to get this card delivered for **free** (subsequent customers will be required to pay a card delivery fee of €5.99), by Revolut Bank UAB, without requiring a donation.

Only one Clear Sky Card can be ordered per Revolut Personal account. As this is a special edition, **we have a limited stock of cards**, which will be available while stock lasts and on a first come, first served basis.

Can't find the Clear Sky Card?

Once you've donated the minimum amount, try changing the "Material" tab in the card order flow to "Plastic" - the Clear Sky Card should then be visible in the "Colour" tab.
