Free Trial

In some cases you may be offered a free trial of the product. During a free trial you are granted the free allowances stated above, according to the plan you chose during signup. If you exceed these free allowances we will charge you as per the fees above.

Billing Cycle

You will be billed in advance of the month. Your allowances will reset on the first day of the billing month. If you choose to move plan mid-billing cycle, your subscription will start again

and your allowances will be reset according to your new plan immediately.

Exchange

Whenever you make a currency exchange in the Revolut app or Revolut Dashboard, we'll use an exchange rate based on our market rate, which is based on foreign-exchange market rates.

There is more information about our exchange rate in our Business Terms.

For certain conversions we apply an extra percentage-based fee, which may change according to when and how frequently the currencies are traded. These fees are set out in the table below.

We charge a higher fee outside foreign-exchange-market hours because less currency is traded during these times. Foreign-exchange-market hours are all hours except midnight on Friday to midnight on Sunday in London.

FEES DURING FOREIGN EXCHANGE MARKET HOURS

THB and UAH

- 1.0%

USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN AND CZK

- No fee

Any other currency not listed above

- No fee

FEES OUTSIDE FOREIGN EXCHANGE MARKET HOURS

THB and UAH

- 2.0%

USD, GBP, EUR, AUD, CAD, NZD, CHF, JPY, SEK, HKD, NOK, SGD, DKK, PLN AND CZK

- 0.5%

Any other currency not listed above

- 1.0%

The highest rate relevant to your conversion will apply. For example, for a conversion between USD and THB during foreign exchange market hours, we will apply the mark-up that applies to THB (1%), not the mark-up for USD (0%).

Merchant Chargebacks

If one of your customers disputes a transaction, they can raise a 'chargeback' request. For example, they may do so if they allege a transaction was fraudulent or a product was counterfeit or not delivered. If the chargeback is successful, the transaction will be refunded, but you'll be charged a chargeback fee. The chargeback fee depends on the currency of the original transaction, as set out below. You may be able to challenge the chargeback request. There is more information about disputes and chargebacks in our [Payment Processing Services Agreement](#).

The amount of the chargeback fee depends on the currency of the original transaction. If you provide evidence that the transaction has been legitimate and you delivered products or services according to the agreement with the customer, the issuer bank might revert the chargeback and you will also get the chargeback fee reverted back to your Merchant account.
