You can load money easily to your Revolut Card account at select retailers (each, a "Participating Retailer") via Cash Deposit for a small fee, collected by the Participating Retailer. Participating Retailers will be displayed within the Revolut app. All you need to do is find an available Cash Deposit location at a Participating Retailer near you within the Revolut app and present the Participating Retailer with your physical Revolut card as well as the amount of cash that you wish to deposit. You can usually add any amount from $20 to $500, depending on the Participating Retailer at which you choose to deposit. The money will be added to your account, usually in about 60 minutes.
