## 1. General Information

This document sets out the terms and conditions that apply to our Trading Pro Services. We call it the **"Trading Pro Terms"**. It also sets out other important things that you need to know.

You must open an Investment account with Revolut Securities Europe UAB (**"Revolut"**, **"us"**, **"we"**, **"our"**) before you can use the Trading Pro Services. These Trading Pro Terms, along with our Revolut Securities Europe UAB Terms and Conditions (**"Revolut Trading Terms"**), and any other documents and terms and conditions that apply to our investment services, form a legal agreement (this **"agreement"**) between:

- you, the Trading Pro user; and
- us, Revolut Securities Europe UAB.

If there is any inconsistency between the Revolut Trading Terms and these Trading Pro Terms, these Trading Pro Terms will apply in respect of the inconsistency. If a word or phrase is not defined in these Trading Pro Terms, it will have the meaning given to it in the Revolut Trading Terms.

You should carefully read these Trading Pro Terms together with the Revolut Trading Terms, before you enter into the agreement with us, as they contain important information on how we will provide the services to you and what responsibilities you have when using the Trading Pro. Unless context requires otherwise, any reference to "investment services" in the Revolut Trading Terms includes the Trading Pro Services.

## 2. Revolut Trading Pro services

Trading Pro is a subscription service that provides additional features, benefits and exclusive pricing for users who already have an Investment account with Revolut. We call these the **"Trading Pro Services"**.

The Trading Pro Services provide knowledgeable and experienced users with the tools they may need to make well-informed investment decisions. However, your use of the Trading Pro Services does not affect your categorisation as a retail client and is not a request to be treated as a professional client.

By subscribing to the Trading Pro Services, you'll have access to advanced trading data and analytics tools, such as multiple performance calculation method options, additional advanced charts and graphs, realised profit and loss breakdown and portfolio allocation (the "**Trading Data**").

You will also have access to the following benefits related to trading:

- a lower trading commission fee on orders in shares and exchange traded funds (ETFs) made outside your plan limit allowance, which is 0.12% of the order amount (without any minimum fee).

*For the avoidance of doubt, this lower trading commission fee does not apply to the orders in bonds or other debt securities. Please check our Revolut Trading Terms (Fee Schedule and Payment Terms) to understand what trading commission you'll be charged in respect of transactions in bonds and other debt securities.*

- higher order size limits up to \$1,500,000 / €1,500,000 (depending on the currency of the instrument), provided that the order does not exceed 50,000 shares.

### 3. Information about your subscription

To use the Trading Pro Services, you must first open an Investment account with us. After you have opened your Investment account, you can enable Trading Pro. Trading Pro is separate and independent of your Standard, Plus, Premium or Metal Revolut subscription plans. Revolut Ultra users may enable Trading Pro free of charge as part of their subscription plan.

#### **Free-trial**

We may offer you the Trading Pro services for 30 calendar days (the "**free trial period**") free of charge on a trial basis. You can cancel the free trial at any time during the free trial period. If you do, you will still be able to use your free trial until the end of the free trial period. Once cancelled, you cannot reactivate your free trial in the future.

Once the free trial period expires, your paid Trading Pro subscription term will begin immediately if the free trial has not been cancelled and you will be charged as set out in these Trading Pro Terms.

#### **Billing period**

Your billing period for the Trading Pro Services is one month. It will start immediately on the date you subscribe to Trading Pro Services (or the day after your free trial

period ends). We call this the **"billing period"**.

### **Trading Pro Subscription fee**

The fee for using Trading Pro is €15 per month (or equivalent currency depending on your location). We call it a **"subscription fee"**. Revolut Ultra users do not pay a subscription fee.

Your Trading Pro subscription fee is paid in monthly instalments, charged in advance on the first day of each billing period.

By accepting these Terms, you agree that we will charge the subscription fee by deducting it from the cash balance held in your Investment account. If you don't have sufficient funds in your Investment account in your base currency, we will charge you in the currency where you hold the highest cash balance in your Investment account.

If there is insufficient funds in your Investment account or deduction from your Investment account is not possible, you give us permission to instruct your Revolut account offering entity to deduct your monthly subscription fee from your Revolut current account (or, if there is insufficient balance in your local currency Revolut current account, a Revolut current account in any other currency, in which case currency exchange fee may apply). You also give permission for the relevant Revolut account offering entity to debit your Revolut current account in accordance with the instructions received from us.

**You must ensure that you have sufficient funds in your Revolut current account at all times for the deduction of the subscription fee.**

In case of insufficient funds in your Investment account or Revolut current account, we or your Revolut account offering entity may take certain actions to collect the payment. That includes, without limitation, using debt recovery agencies or recovering such debt by pursuing legal action against you. If we do, you may have to pay our reasonable costs of doing so. We may also terminate or suspend your access to the Trading Pro services if your monthly subscription fee is overdue for more than 14 calendar days.

### **Automatic renewal**

Unless you give us notice that you wish to cancel your Trading Pro subscription before the last day of your billing period, your subscription will automatically renew.

### **Ultra plan users**

If you are a Revolut Ultra user and have opened an Investment account with us, you can enable and use Trading Pro free of charge until you cancel your Ultra Plan

subscription.

If you have enabled Trading Pro and later cancel your Revolut Ultra subscription, we will cancel your Trading Pro subscription, but you will be able to use it until the end of your billing period. You are able to enable Trading Pro again and normal billing rules will apply.

#### 4. Cancellation of the Trading Pro subscription

You can cancel your Trading Pro subscription at any time via the Revolut app or the Revolut website.

If you cancel your Trading Pro subscription, we will not refund all or any part of the subscription fee, but you will still be able to use the Trading Pro services until the end of the current billing period.

If you cancel your Trading Pro subscription, you may be unable to resubscribe for a certain period of time.

Other than that, we won't be responsible to you for any losses you suffer that result from the termination or suspension of the Trading Pro services.

Additionally, you will not be able to subscribe to the Trading Pro Service if you have enabled the 'Buy order block' on your investment account, or if we have imposed any restrictions or limitations on your investment account.

## 8. Indemnity

Where this is the case, you must agree to separate terms and conditions with those entities, which will govern those services. For example if you use precious metal services, these are provided by Revolut Ltd under separate terms and conditions applying to those services, which you must agree to. If you use cryptocurrency services, these are provided by Revolut Ltd or RT Digital Securities Cyprus Limited, depending on your location, under separate terms and conditions applying to those services, which you must agree to.

**Revolut Securities Europe UAB does not provide the services related to cryptocurrency or precious metals and you do not have rights against us under the terms and conditions applying to precious cryptocurrency or metal services provided by a different Revolut group entity.**
