

My insurance purchase with Revolut

1. Why these terms are important

These terms set out Revolut's role and responsibilities when you buy insurance through the Revolut app or Dashboard as a business customer.

They are your legal agreement with us for this service. They tell you:

- how Revolut is responsible for enabling you to buy insurance products through the Revolut app and Dashboard; and
- how Revolut's chosen insurance partners are responsible for the actual insurance that you choose and for helping you with any claim you make.

2. About us

In these terms, 'we' and 'us' means Revolut Travel Ltd.

When you buy insurance through the Revolut app or Dashboard, we are responsible for introducing you to our insurance partner and for collecting the amount you pay for your insurance, as described in these terms.

Revolut Travel Ltd is authorised and regulated by the UK's Financial Conduct Authority (FCA). It is registered on the FCA's Financial Services Register with Firm Reference Number 780586 and has its registered office at 7 Westferry Circus, London E14 4HD, United Kingdom.

3. Buying insurance through the Revolut app or Dashboard

When you buy insurance through the Revolut app or Dashboard, we will:

- introduce you to our insurance partner for the relevant insurance product;
- provide you with a Summary of the Cover and other useful information about the product. We will provide this information to you in the app before you buy your insurance product. You are able to download it if you would like to keep a copy for your records;
- provide the route for you to find the insurance product when you use the Revolut app or Dashboard (subject to availability) so that you can agree to buy it;
- collect the cost of your insurance product from you and in turn pay our insurance partner for your insurance cover; and
- provide you with ongoing access to the documentation for your insurance product (including the insurance policy between you and our insurance partner) via the Revolut app and Dashboard once you have bought it. Documentation is not available in the app or Dashboard once the insurance is cancelled and will need to be requested via chat.

We don't offer advice regarding insurance products. We do provide you with information about our insurance products so you can make an informed decision before you buy.

We don't provide our staff with incentives for selling insurance products.

Our insurance partner will be directly responsible to you for:

- handling any claim you make; and

- making any payments to you after a successful claim.

4. How we collect your payment

When you pay for an insurance product, we will collect the money from your Revolut account as explained on the app and Dashboard. We hold your payment as agent of our insurance partner, meaning your insurance is effectively paid for without delay when we collect the money from your account. Similarly, if you are entitled to a refund at any point, this money becomes yours when we actually pay it to you.

When you instruct the payment from your Revolut account, our parent company, Revolut Ltd, makes the payment to us from the e-money in your account (as described in your '[Business terms](#)').

5. Our insurance partners

At present our insurance partners are:

- Revolut Business Insurance - Chubb European Group SE and ARAG plc (on behalf of HDI Global Specialty SE) (**'Chubb'**).

Revolut only offers insurance products which are arranged and provided by the above insurers. We may update this list from time to time.

We act as an intermediary between you and the insurer. When we do this, we are acting on behalf of the insurer (not on behalf of you).

We don't charge you a fee for doing this. However, our insurance partners may pay us a commission in exchange for the services we provide, and we may receive a share of any profit from the policies sold.

We are not owned or controlled by our insurance partners in any way, and we do not own or control them in any way. They are not members of the Revolut corporate group. We simply choose them because they provide insurance products which we think our customers may find useful.

6. How we use your data

We, and Chubb, use personal data which you supply to us to facilitate your application for, write, and administer your insurance policy, including any claims arising from it. This data will include basic contact details such as your name, address, and policy number, but may also include more detailed information about you (for example, your age, health, details of assets, claims history) where this is relevant to the risk Chubb is insuring, services we or Chubb are providing, or to a claim you are reporting. You have a number of rights in relation to your personal data, including rights of access and, in certain circumstances, erasure.

If you purchase an insurance policy as a physical person, you should be aware that some decisions are made by machine calculation based on the personal data you provide to us and Chubb. You have a right to object to having decisions made by an automated process. This right does not apply where the processing is necessary for a contract between you and Chubb, the processing is authorised by law with necessary safeguards to your rights and freedoms, or you have given your explicit consent. The data Chubb uses for automated decision making includes your turnover, business services and/or products offered including location of offering,

employee count and risk profile. You can exercise your right to object by calling Chubb on 020 3964 3020.

Chubb is part of a global group. Your personal data may be shared with Chubb group companies in other countries as required to provide coverage under your insurance policy or to store your data. Chubb also uses a number of trusted service providers, which will also have access to your personal data subject to Chubb's instructions and control.

This section represents a condensed explanation of how Chubb uses your personal data. For more information, it is strongly recommended that you read Chubb's Master Privacy Policy, available [here](#). You can ask Chubb for a paper copy of the Privacy Policy at any time, by contacting Chubb at: dataprotectionoffice.europe@chubb.com.
