

Wero - Terms & Conditions

1. General information

This document sets out the terms and conditions (the "**Terms**") for the Wero technical service ("**Wero**" or the "**Service**") offered through the Revolut app. These Terms form a legal agreement (the "**Agreement**") between:

- you; and
- us, Revolut Bank UAB, a bank incorporated and licensed in the Republic of Lithuania with company number 304580906 and authorisation code LB002119, with its registered office at Konstitucijos ave. 21B, 08130 Vilnius, the Republic of Lithuania. We are licensed and regulated by the Bank of Lithuania and the European Central Bank as a credit institution. You can view our licence on the Bank of Lithuania's website and our company registration on the [Lithuanian Register of Legal Entities](#).

The Agreement concerning the use of Wero is concluded upon your acceptance of these Terms. The Agreement is valid for an indefinite period. These Terms should be read in conjunction with the [Personal Terms](#) and any matters not expressly covered in these Terms are governed by our Personal Terms.

If there is any conflict between these Terms and the Personal Terms regarding Wero, these Terms will prevail. You can always download a copy of these Terms from our website or app.

2. What is WERO?

Wero is a service offered by EPI Company SE ("**EPI**"), a Belgian company having its registered office in De Lignestraat 13, 1000 Brussels, Belgium, with company registration number (CBE number): 0755811726 authorised by the National Bank of Belgium as a payment institution. Wero allows you to (this is a non-exhaustive list which may be subject to change):

- Make instant payments from your Revolut account to other individuals (P2P); and
- Receive instant payments into your Revolut account from other Wero users.

Wero payments are executed using your linked Revolut euro-denominated account, subject to your available balance and applicable limits. Wero transactions are processed in euro (EUR) as instant credit transfers. Currency conversion is not supported within the Wero flow.

Payments are ordered from your Revolut payment account to another account with immediate availability of the funds, as long as the recipient is also registered with the Service through any of its member institutions.

Wero may also offer features part of the Revolut app integration, and their availability can change.

3. How can I use Wero?

You can only use Wero if:

- you have a Revolut payment account denominated in euro (EUR);
- you agree to these Terms;
- you are a resident of an EEA country where Wero is offered; and
- you use Wero for your personal use.

You must inform us if your personal situation changes in a way that affects your eligibility. We reserve the right to verify the information you provide.

Sending or requesting a WERO payment

You can initiate Wero payments through various methods within the Revolut app, such as scanning a QR code or entering/selecting a payee's proxy (like a phone number or email address).

All your Wero payments will require your authorisation through the Strong Customer Authentication (SCA) methods used in your Revolut app (e.g., biometric login, passcode). The specific consent process will depend on the type of Wero transaction. You can create Wero payment requests within the Revolut app by generating a QR code/ payment link and sending them to other Wero users. Payment requests can be created for a specific amount or as a general request where the receiver can add the amount. You can cancel a payment request at any time until they are authorised or declined by the other Wero user. Payment requests that are neither authorised, declined nor canceled expire. You can see the validity date of your payment requests when you create them and at any time in the Revolut app.

Transactions are processed 24/7/365 in real-time under the SEPA Instant Credit Transfer (SCT Inst) scheme.

You can send 100 payments and 100 requests using Wero during a seven day period starting at the moment of the first payment or request. The maximum amount you can send or pay is €100,000.

We may apply additional limits to the amount or frequency of Wero transactions, as determined by us and applicable law. We will inform you of these limits. We may restrict Wero use if transaction amounts exceed these limits. You can find the applicable transaction limits on our [Fees and Limits page](#). Wero transactions are subject to SEPA Instant scheme rules and local clearing cutoffs.
